## EDUCATION

Sri Eshwar College of Engineering.	B.E (CSE)	2024-2028
Velammal Bodhi Campus	HSC	2022-2024
Amrita Vidhyalayam	SSLC	2021-2022

## INTERNSHIP

### OCTANET 2024

developed the front-end of a landing page for an e-commerce platform, enhancing my skills in HTML, CSS, and JavaScript. experience to balance design with functionality, ensuring a responsive and user-friendly interface. It was an invaluable experience in applying web development concepts to a real-world project.

## PROJECTS

### VEHICLE MANAGEMENT 2024

Vehicle management in Java typically involves a system to track and manage vehicle entries and exits, storing details such as vehicle numbers, driver names, contact information, entry time, and exit time. This system often uses a database (like MySQL) to keep records and Java's JDBC for database connectivity. With a simple menu-driven Java program, users can add entries, update exits, and view logs, helping streamline parking or logistics operations.

### TOURISM MANAGEMENT 2024

"Tourista" is a project related to travel or tourism management, where users might manage travel plans, bookings, or tourism-related data. The system might include features such as itinerary creation, hotel and flight booking, or tracking travel destinations, providing an organized and user-friendly platform for travelers or tour operators.

## CERTIFICATION

The complete python Bootcamp From zero to Expert | [udemy](#)  
Diploma in computer Application  
Advance Development in Java Program

## BESTOWING

Active Member of National Service Scheme(NSS)  
IGEN green pledge badge holder  
Engaged in NARCOTICS CONTROL BUREAU

## ACHIEVEMENTS

Hackerrank: 3 star | Problem Solving| silver level | C | [Profile](#)  
codechef: c-program | Solved 40+ problem | [profile](#)

## SKILLS

**Languages :** C C++ Python Java HTML CSS

**Core Databases:** OOPS MongoDB MySQL

**Tools:** VScode GitHub Figma Canva wordpress
